Review Type (e.g., code, usability, design, other): usability

Scope:
Artifact Reviewed:
Teams page

Review Objectives:
Watch as the user attempts to complete team operations to ensure the page design is simple and intuitive. View, create, edit, and delete teams.

Methodology:

Approach Taken (e.g., execute, inspect, observe): Observe user completing defined tasks.

Evaluation Criteria (e.g., expected behavior, best practices, heuristic evaluation): Was the user frustrated when using the app? Was the user able to complete all the tasks? Did the user find the interface to be intuitive?

Coverage / Limitations (e.g., test login only, ignore database integration): Only testing teams' related pages.

Findings

Strengths:

- All features work as expected (with one noted exception)
- The interface is clean and easy to understand

Issues / Defects:
